FISHING

There is good fishing in many of the lakes and streams of the Park. Dolly Varden, Grayling, Rainbow, Cutthroat and Nipigon trout are found and afford splendid sport. Lake trout, specimens of which run to 50 pounds, are found in Lake Minnewanka only.

An experienced **fishing advisor**, familiar with the fishing waters of the Parks, is available in the Hotel and will gladly give information as to the best fishing lakes and streams, or conduct parties.

BOATING

Rowboats, canoes and motorboats may be hired at Mather's Boathouse which is located on the Cave and Basin Road near the Bow River Bridge.

Trips can be made up the Bow River for 8 miles, also up Echo River (which flows into the Bow a short distance west of the Boathouse), thence via Willow Creek to the Vermilion Lakes, which offer delightfully shady courses for canoeing.

Motor launches make several trips daily up the Bow River. Round trip 16 miles, $1\frac{1}{2}$ hours. A 10-minute stop is made at the upper end of trip, near which is good fishing and a fine place for picnicing. Passengers may stop over and return by a later trip if they so desire.

For full **particulars and rates** see Sports Board at entrance to Garden Lounge or enquire at Information Desk.
